June 27, 2011 ð Perth, WA: It has been some time since the previous issue of "The Enterprise Newsletter" (TEN) was published. I retired from presenting public courses in Feb 2010. While I am still presenting in-house courses and providing consulting support for projects in Enterprise Architecture (EA), I have since focused my time on writing the second edition of my EA book. The first edition was published as a hardcover printed book in March 2006: *"Enterprise Architecture for Integration: Rapid Delivery Methods and Technologies"*, Clive Finkelstein, Artech House, Norwood: MA (2006).

This issue of The Enterprise Newsletter discusses the second edition of *"Enterprise Architecture for Integration: Rapid Delivery Methods and Technologies"* by Clive Finkelstein in PDF, as well as a new IES Online Store capability and Data Modeling Self-Study
